

9/25 Learning Event Considerations

- Originally an “in-person professional learning event,” the 9/25 event will now be a *hybrid* professional learning event
 - Asynchronous learning
 - 3 hours of synchronous learning
- We considered equity and culturally proficiency in our planning so there are different formats for different learners
- There are three different “learning tracks” with multiple modules (breakout sessions) within each learning track
- We are reviewing the online forms for commonly requested PD
- We will have a lot of facilitators! Go team!
