All

Margie de Ruyter: SDCOE is creating middle school CTE engagement event with the help of a design team made up of stakeholders in the region. This event is for principals, CTE administrators, educators, counselors, HR staff. The purpose of the event is to share best practices/pain points to help build middle school programs and provide stronger connections between high school and middle schools. Some districts that have strong connections, others need more support to make this happen. SDCOE has had two planning meetings so far. This event will be tentatively scheduled for the 2nd week in May. More information to come. Imperial county is included.

*Nicole Moersch: On Wed, March 10th K12 Pathway Coordinators are hosting a Labor Market Information (LMI) training for counselors and teachers to use more in conversation with their students.
