Regional Apprenticeship Planning Team (RAPT)

Suzanne Sebring
suzanne.sebring@gcccd.edu
10/14/22

Context/Background

In response to the Governor's goal to train 500,000 apprentices by 2029, and in preparation for increased federal and state funding to support apprenticeships, members from throughout the region attended an Apprenticeship convening in Long Beach to discuss ideas for expanding apprenticeships. At this meeting, the Region 10 participants came up with an asset matrix and potential action plan for moving forward. Other regions that have already begun using a collaborative approach are ahead of us in apprenticeship work.

Goal

As a collective, create a space for all partners to find needed resources and share best practices to support employers and students through apprenticeship. The collective will also present opportunities for efficient collaboration on funding opportunities to build or expand the apprenticeship model, encouraging transparency and leveraging existing resources to further serve students and employers.

Membership

- Kevin McMackin, SDICCC Regional Consortium
- Suzanne Sebring, SDICCC Regional Consortium,
- Jennifer Prado, Education to Career Network Consortium
- Nichol Roe, Palomar College
- Amertah Perman, San Diego Community College District
- Claudia Estrada, San Diego Miramar College
- Tina Ngo Bartel, SDICCC Regional Center of Excellence
- Denise Cabanilla, Imperial County Office of Education
- Liz Cardenas, Imperial County Office of Education
- Camilo Garcia, Imperial WDB
- Jon Carr, San Diego WDB
- Tracy Eckard, San Diego WDB
- Frank Pancucci, San Diego WDB
- Angel Stancer, San Diego WDB
- Arturo Vazquez, San Diego WDB
