K12 Strong Workforce Program 2018-2019 Intent to Award

The California Community Colleges Chancellor's Office – Division of Workforce and Economic Development, in partnership with California Department of Education is pleased to formally announce the 2018-19 funding awards for the K12 Strong Workforce Program. This memorandum is a formal notification of the intent to award.

During the first year of implementation, we sincerely thank and acknowledge the efforts of statewide Local Educational Agencies to apply for funding, and for the selection committee members who worked hard to score and make decisions on funding levels. All completed applications received by March 15, 2019 for K12 SWP funding were reviewed and competitively scored. Below is a list of all awarded applications.

Each Lead Agency for a funded application will receive a formal email notification of the grant award before the end of this **Friday, May 3, 2019** (please check your spam folder). In the email body, the grantee can either accept or reject the award amount. Grantees will have until **Wednesday, May 8** at **5:00PM** to respond to this email.

Once accepted, the K12 SWP fiscal agent in your region will contact each Lead Agency receiving funding to request signatures, and technical work plan changes, including budget amendments that might be needed to complete the execution of the grant agreement. A copy of the fully executed grant agreement will be provided to each Lead Agency. For audit purposes, Lead Agencies should retain a copy of the grant agreement, the RFA Specifications, and the Workforce and Economic Development Division Request for Applications Instructions, Terms and Conditions.

Please provide this memorandum to the Lead Agency. If for some reason you are listed as a grant recipient below, but you do not receive an email notification, then please contact the region in which you applied https://bit.ly/2cFfKmv, or the K12 SWP helpdesk at K12SWP@cccco.edu.

Intent to Award K12 Strong Workforce Program
