## Overview

#### Strengths

- Collaboration between Career Center, JPC and WBLC
- Have touched base with all departments campus and evaluated current WBL opportunities
- Have assisted in incorporating WBL, Career Development resources, and/ or soft skills development with majority of departments on campus

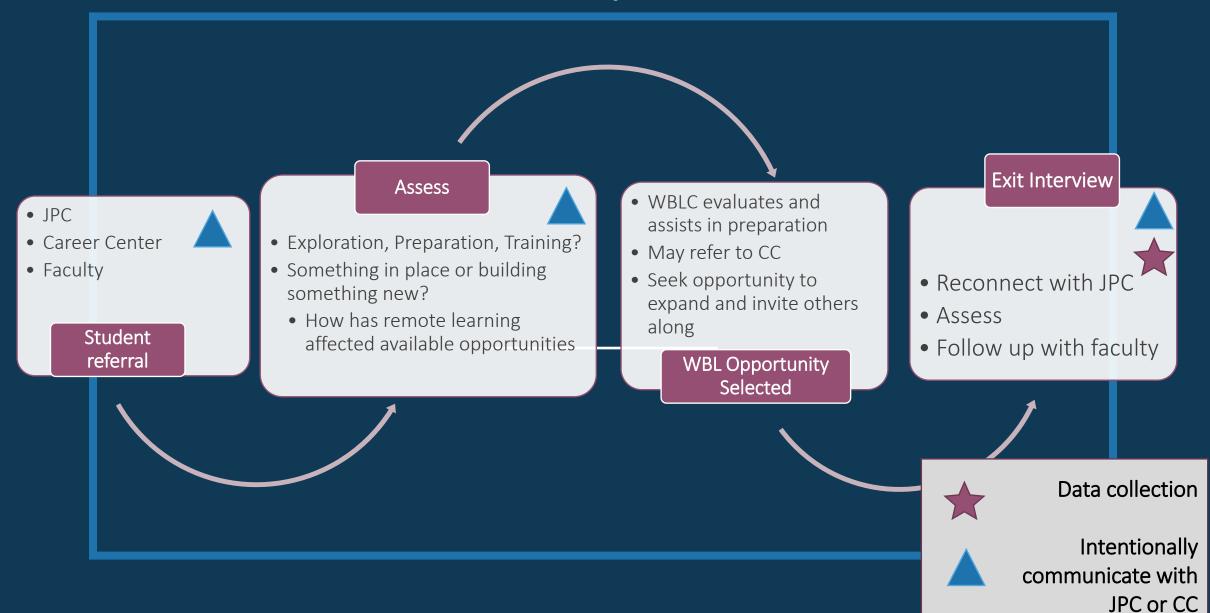

#### **Opportunities**

- Reporting/SG21
- Mathematics, Chemistry, Physical Science and Biology (STEM outside Biotech)
- Overall communication/ miscommunication/ places of disconnect
- Soft Skills/ NWoW

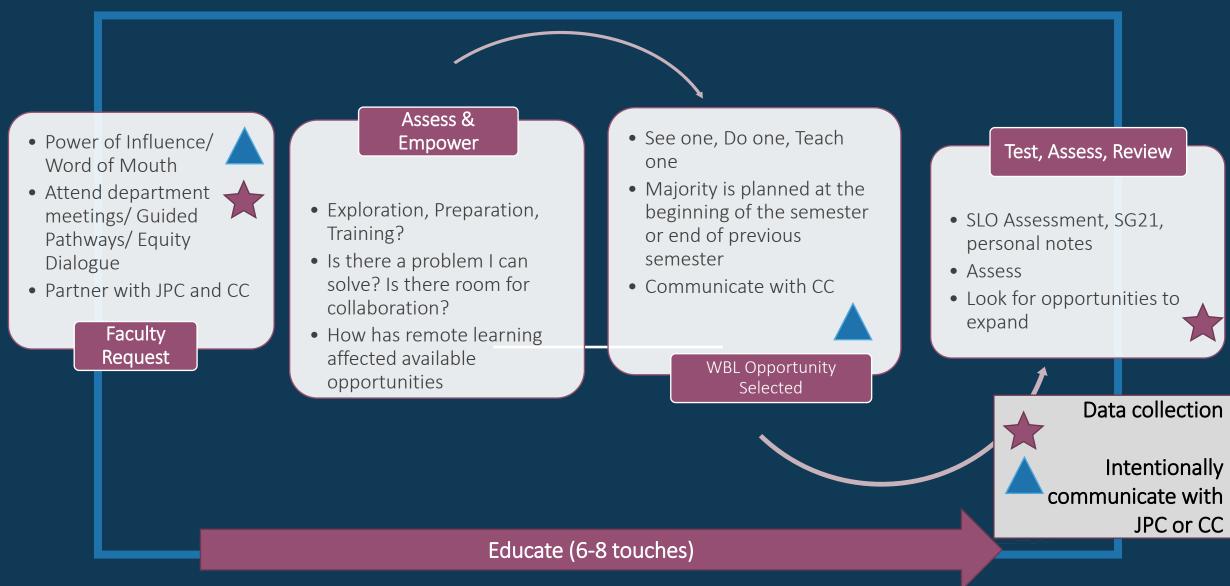

#### Looking Ahead 2021

- Evaluation process for faculty (eg: Which WBL opportunity is right for your course?)
- Evaluation process for internships similar to Alex's Job Placement
- Explore virtual support for faculty to share ideas and collaborate

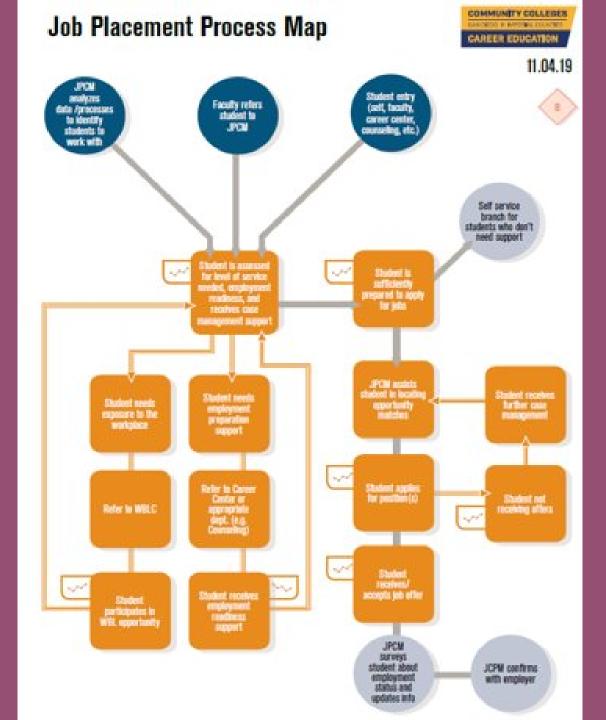

### Student Request WBL

## Faculty Request WBL

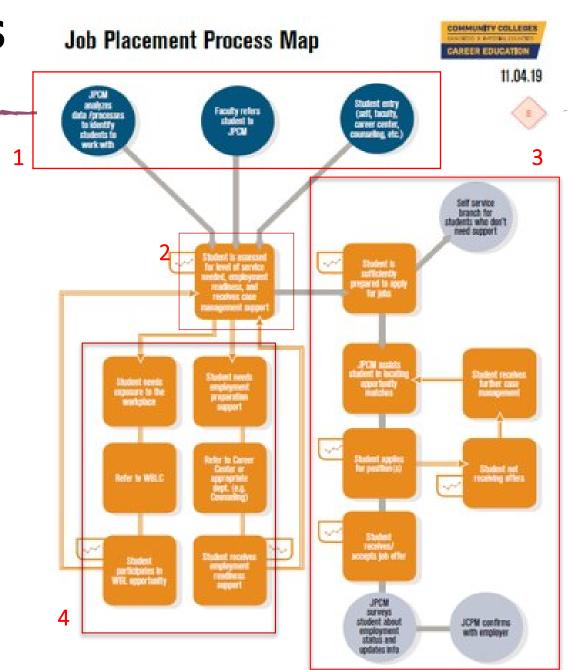

# Job Placement Process Map

# **Job Placement Process**

- 1. JPCM receives student through faculty referral or database search
- 2. Student is provided intake form to assess level of readiness
- 3. If ready, student is tracked through email/phone communication from job search to placement
- 4. If not ready, student is referred to WBLC or Career Center for additional skill readiness before returning to JPCM

## **Guiding Practices of Employer Relations**

- Reach out through personal contacts
- Nepris
- Intentional Networking
- Previous Events/ Established contacts

Employer Reaches Out/ We reach out Assess Relationship

- Is there already a contact on campus?
- Are there additional Opportunities?

• College Central Network

Document

• Personal notes

Data collection

Intentionally communicate with JPC or CC
