CAREER EDUCATION GUIDE 2020

SAN DIEGO & IMPERIAL COUNTIES COMMUNITY COLLEGES

DEAR EDUCATORS AND COUNSELORS

A MESSAGE FROM THE SAN DIEGO AND IMPERIAL COUNTIES REGIONAL STRONG WORKFORCE PROGRAM:

Preparing students to be college and career ready gives you the opportunity to help students identify their personal interests and values as they relate to career choices. Students need assistance in their career development journey (self-awareness, career awareness, career exploration, career preparation, career training) so they can make informed postsecondary and career decisions. Our hope is that you will use this Career Education Guide to help students align their interests and values with career pathways that will lead them to careers in high-wage, in-demand industry sectors. Students may already be interested in an industry sector or career pathway and the Guide can give them information about the education and skills necessary to be successful.

New to the Guide this year are embedded references to the RIASEC Holland Codes, or six interest areas. The abbreviation RIASEC refers to:

- (R) Realistic**
- (I) Investigative**
- (A) Artistic**
- (S) Social**
- (E) Enterprising**
- (C) Conventional**

We understand there are many career assessments available in a practitioner's toolbox. Since many career assessments organize by Holland Codes, we have used them in the Guide to designate which interest categories correlate with each industry sector. As any skilled practitioner knows, these codes are not to be used in isolation but rather in consultation with a qualified counselor who can assist in interpreting career assessment results and take the time to understand a student's unique circumstances and needs.

In the back of the Guide are helpful websites you can use to access free career exploration tools as well as career assessments. Understanding a student's interests will aid you in helping to plan a student's coursework to complete career pathways offered by your site or district. There is also a link to the San Diego and Imperial Counties Community Colleges Career Education website, careered.org, where information about training for in-demand careers can be found to help students with their postsecondary education plans.

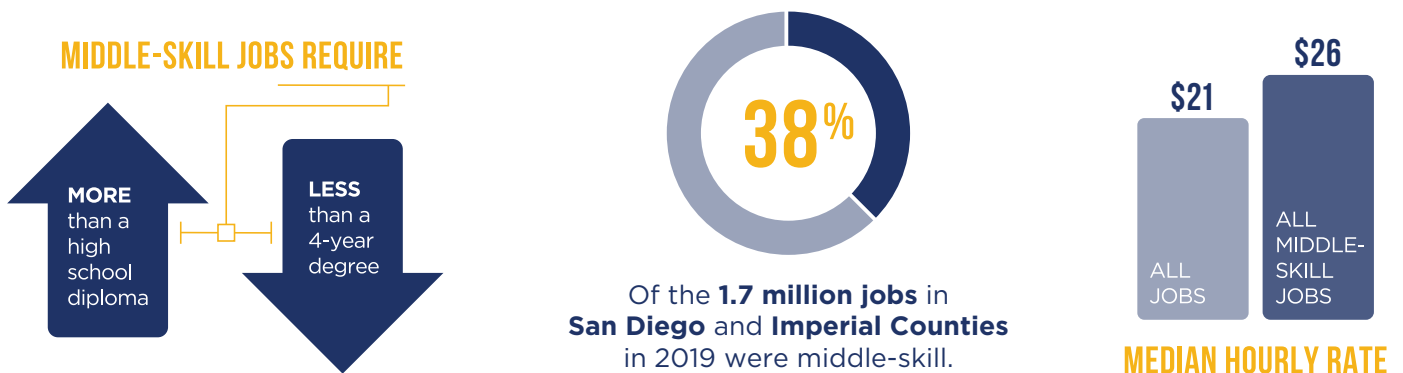

MIDDLE-SKILL JOBS DRIVE THE ECONOMY

Businesses need more qualified candidates to fill good-paying middle-skill positions. Career Education at the San Diego and Imperial Counties Community Colleges holds the key to unlock these growing, in-demand jobs.

THE OPPORTUNITY

Middle-skill jobs are large and growing—and these jobs pay well.

THE REASON

Career Education gives students a wide variety of program choices at multiple campuses—at a fraction of the cost.

OVER 200 PROGRAMS AND 10 COMMUNITY COLLEGES

ADVANCED MANUFACTURING

The rise of automation, or “Industry 4.0,” is here, transforming factories across the globe using cutting-edge technologies, artificial intelligence, real-time data collection and collaborative robots in building a wide range of products to meet the today’s needs and tomorrow’s challenges. High-tech manufacturing (or Advanced Manufacturing) jobs continue to grow, especially in the areas of additive manufacturing, lean manufacturing, robotics and automation, industrial internet of things, digital transformation, predictive maintenance, precision machining and engineering.

Because robots and automation take care of the repetitive work, today’s manufacturing employees have more challenging and interesting job assignments. Employers in this sector look for technicians, technologists and engineers who are both at ease in the mechanical world, and looking to take on the challenge of moving into a cyber-physical world by applying scientific and technical principles to manufacturing processes. Opportunities for advancement are plentiful as technological advancements make higher-skill jobs in product design, process engineering, operations, maintenance, and lab work more prevalent.

ADVANCED MANUFACTURING | JOBS & WAGES

The following table lists the **minimum** educational attainment that an individual needs to have in order to be qualified for the occupation. Wages listed for each occupation are based on 25th percentile wages, which represent wages for entry-level workers. Only occupations with median annual salaries of at least \$33,280 (i.e., living wage) and a labor market demand of at least 50 annual job openings are included in this list. Any job with “All Other” in the title is an occupation with highly specialized subsets; put differently, the title is written broadly to capture various emerging occupations.

HIGH SCHOOL DIPLOMA OR EQUIVALENT + ADDITIONAL TRAINING	Entry-level Hourly Rate (Salary)
Aircraft Structure, Surfaces, Rigging, and Systems Assemblers	\$16 (\$33K)
Cabinetmakers and Bench Carpenters	\$16 (\$33K)
Computer-Controlled Machine Tool Operators, Metal and Plastic	\$16 (\$33K)
Cutting and Slicing Machine Setters, Operators, and Tenders	\$14 (\$29K)
Cutting, Punching, and Press Machine Setters, Operators, and Tenders, Metal and Plastic	\$15 (\$31K)
Electrical, Electronic, and Electromechanical Assemblers, Except Coil Winders, Tapers, and Finishers	\$14 (\$29K)
First-Line Supervisors of Production and Operating Workers	\$24 (\$50K)
Industrial Machinery Mechanics	\$23 (\$48K)
Machinists	\$16 (\$33K)
Maintenance and Repair Workers, General	\$16 (\$33K)
Mixing and Blending Machine Setters, Operators, and Tenders	\$14 (\$29K)
Molding, Coremaking, and Casting Machine Setters, Operators, and Tenders, Metal and Plastic	\$12 (\$25K)
Printing Press Operators	\$13 (\$27K)
Separating, Filtering, Clarifying, Precipitating, and Still Machine Setters, Operators, and Tenders	\$15 (\$31K)
Sheet Metal Workers	\$24 (\$50K)
Structural Iron and Steel Workers	\$23 (\$48K)
Structural Metal Fabricators and Fitters	\$17 (\$35K)
Welders, Cutters, Solderers, and Brazers	\$18 (\$37K)
SOME COLLEGE OR POSTSECONDARY NON-DEGREE AWARD	
Aircraft Mechanics and Service Technicians	\$27 (\$56K)
Computer, Automated Teller, and Office Machine Repairers	\$14 (\$29K)
Electrical and Electronics Repairers, Commercial and Industrial Equipment	\$27 (\$56K)
ASSOCIATE DEGREE	
Aerospace Engineering and Operations Technicians	\$26 (\$54K)
Civil Engineering Technicians	\$18 (\$37K)
Electrical and Electronics Engineering Technicians	\$26 (\$54K)
Engineering Technicians, Except Drafters, All Other	\$27 (\$56K)
Industrial Engineering Technicians	\$28 (\$58K)
Mechanical Drafters	\$25 (\$52K)
Mechanical Engineering Technicians	\$20 (\$42K)
BACHELOR'S DEGREE OR HIGHER	
Aerospace Engineers	\$39 (\$81K)
Civil Engineers	\$31 (\$64K)
Computer Hardware Engineers	\$49 (\$102K)
Electrical Engineers	\$40 (\$83K)
Electronics Engineers, Except Computer	\$50 (\$104K)
Engineers, All Other	\$41 (\$85K)
Industrial Engineers	\$37 (\$77K)
Industrial Production Managers*	\$39 (\$81K)
Mechanical Engineers	\$37 (\$77K)
Purchasing Managers*	\$49 (\$102K)

*Nationally, 33% or more of workers currently employed in this occupation have an associate degree or less.

ADVANCED TRANSPORTATION & LOGISTICS

The Advanced Transportation & Logistics sector is responsible for ensuring that people and things get to the right place, at the right time, for the right price. Using cutting-edge technologies and processes, people in this sector are called on to move people and products from point A to point B by air, land and sea. It takes people with all different talents, skills, and training to keep things moving. Areas of projected market growth include the use of Global Positioning Systems (GPS), Geographic Information Systems (GIS), and Radio Frequency Identification (RFID), developments in rocket technology, super-capacity jet airplanes, hybrid and hydrogen fuel-cell technology, and the use of bio-diesel and other alternative fuels. As vehicle components and repair techniques become increasingly sophisticated, this sector will continuously need transportation professionals. Because of the significant role that transportation plays in our personal and professional lives, there is a wide range of occupations in the sector, from technical to managerial positions.

AGRICULTURE, WATER & ENVIRONMENTAL TECHNOLOGIES

As California’s population continues to grow, the state’s agricultural, water and environmental resources are more important than ever. Agriculture alone is a \$47 billion-dollar industry in California, making our state the most prolific agricultural producer in the U.S. To meet the growing demand for these resources, companies are rapidly adopting new technologies and sustainable practices, and need workers to drive improvements in the sector. Careers in this sector range from turf management at municipal golf courses to research in biological sciences. Employees may work in a lab, on a farm, ranch, dairy, orchard, greenhouse, plant nursery, or in a veterinary office.

BUSINESS & ENTREPRENEURSHIP

Regardless of the industry, every company needs people to account for finances, manage personnel, and sell products. Persons trained in sectors such as business, management, marketing, sales, and financial services (e.g., accounting, banking, investing) will find that their skills are highly marketable. Individuals interested in running their own businesses must master financial literacy and develop skills in mathematics, organization, time management, customer service, and communication. Within this sector, professionals are responsible for maximizing the experiences of customers, generating digital sales and traffic, managing personnel, and developing brands and products. Advances in technology, as well as market globalization and the expansion of banking and investment institutions around the world, will continue to create exciting and challenging career opportunities in this sector for the foreseeable future.

ENERGY, CONSTRUCTION & UTILITIES

The United States is not only one of the world’s leading suppliers of energy, it is also one of its largest consumers. With the increase of public and governmental interest in renewable energy, clean energy generation, and energy efficiency, job opportunities are growing rapidly, especially with the existing workforce expected to retire in the upcoming years. Firms in this sector need people who can work with their heads and hands to design and build office buildings, hospitals, shopping malls, and housing communities. Once architects come up with a design, it takes a team of skilled people such as plumbers, electricians, masons, roofers, framers and more to turn it into a finished structure. Craftsmen in this industry sector need a strong math background, good technology skills, and solid on-the-job experience.

HEALTH

Students interested in making a difference in people’s lives and seeking to secure “recession-resilient” careers should consider exploring health-related occupations. It is projected that jobs in the health field will continue to increase due to the aging and growing population. The medical and health industry is one of the fastest growing economic industry sectors in California, employing nearly 1.4 million professionals across a wide range of well-paying career opportunities. Surprisingly, doctors and nurses comprise less than 40% of health professionals, while allied health professionals make up an estimated 60% of the national health care workforce. While many of the careers in this sector require advanced-level preparation, there are plenty of options available for students of various aptitudes, interests, abilities and degree levels.

There are over 35 health care occupations and different specialties including nursing, research, diagnostic services, support services, physical therapy, and health informatics (using cutting-edge technology to store and retrieve medical data). While significant expansion will continue across all occupational segments, the Health Workforce Initiative notes especially strong growth opportunities for Certified Nursing Assistants, Home Health Aides, Licensed Vocational Nurses and Registered Nurses.

INFORMATION COMMUNICATION TECHNOLOGIES (ICT) & DIGITAL MEDIA

In California alone, this sector accounts for 12.6% of the state's economy, while providing more than one million jobs across the state. As companies continue to use new and emerging technologies, the demand for technologically savvy and creative professionals will continue to grow. Jobs in the ICT & Digital Media sector tend to be constantly changing and require a combination of imaginative and hands-on skills. Professionals in this sector must be able to work both independently and collaboratively.

ICT & Digital Media students learn about the design, development, maintenance, and management of hardware, software, multimedia, and systems integration services. Because of the central role that technology plays in all industries, ICT professionals are and will continue to be in great demand in every sector of the economy. Specific areas of future growth are likely to surface in cloud computing, collection and storage of big data, and information security.

INFORMATIONAL COMMUNICATION TECHNOLOGIES (ICT) & DIGITAL MEDIA | JOBS & WAGES

The following table lists the **minimum** educational attainment that an individual needs to have in order to be qualified for the occupation. Wages listed for each occupation are based on 25th percentile wages, which represent wages for entry-level workers. Only occupations with median annual salaries of at least \$33,280 (i.e., living wage) and a labor market demand of at least 30 annual job openings are included in this list. Any job with “All Other” in the title is an occupation with highly specialized subsets; put differently, the title is written broadly to capture various emerging occupations.

HIGH SCHOOL DIPLOMA OR EQUIVALENT + ADDITIONAL TRAINING	Entry-level Hourly Rate (Salary)
Computer Operators	\$19 (\$40K)
Electrical Power-Line Installers and Repairers	\$32 (\$67K)
Media and Communication Equipment Workers, All Other	\$21 (\$44K)
Media and Communication Equipment Workers, All Other	\$19 (\$40K)
Photographers	\$12 (\$25K)
Surveying and Mapping Technicians	\$24 (\$50K)
Telecommunications Line Installers and Repairers	\$24 (\$50K)
Word Processors and Typists	\$17 (\$35K)
SOME COLLEGE OR POSTSECONDARY NON-DEGREE AWARD	
Audio and Video Equipment Technicians	\$16 (\$33K)
Computer User Support Specialists	\$23 (\$48K)
Telecommunications Equipment Installers and Repairers, Except Line Installers	\$25 (\$52K)
ASSOCIATE DEGREE	
Broadcast Technicians	\$15 (\$31K)
Computer Network Support Specialists	\$24 (\$50K)
Web Developers	\$16 (\$33K)
BACHELOR'S DEGREE OR HIGHER	
Computer and Information Systems Managers	\$56 (\$117K)
Computer Network Architects*	\$46 (\$96K)
Computer Occupations, All Other*	\$30 (\$62K)
Computer Programmers	\$36 (\$75K)
Computer Systems Analysts	\$35 (\$73K)
Database Administrators	\$35 (\$73K)
Editors	\$17 (\$35K)
Graphic Designers*	\$18 (\$37K)
Information Security Analysts	\$38 (\$79K)
Multimedia Artists and Animators*	\$15 (\$31K)
Network and Computer Systems Administrators*	\$35 (\$73K)
Operations Research Analysts	\$30 (\$62K)
Producers and Directors	\$16 (\$33K)
Public Relations Specialists	\$24 (\$50K)
Reporters and Correspondents	\$16 (\$33K)
Software Developers, Applications	\$42 (\$87K)
Software Developers, Systems Software	\$42 (\$87K)
Statisticians	\$42 (\$87K)
Technical Writers	\$28 (\$58K)
Writers and Authors	\$12 (\$25K)

*Nationally, 33% or more of workers currently employed in this occupation have an associate degree or less.

LIFE SCIENCES & BIOTECHNOLOGY

This sector focuses on finding solutions for the world's great challenges in health care, agriculture, and sustainability. Firms include research, testing and medical laboratories that are engaged in the discovery, development and commercialization of new products. The Life Sciences & Biotechnology sector encompasses many segments, including pharmaceuticals, biomedical devices, M-Health (mobile health) or wireless health, agricultural and industrial biotechnology (e.g., biofuels, biodegradable materials), and bioscience-related distribution and trade. The Life Sciences & Biotechnology sector is an economic driver and job producer; for every job created in this sector, four other jobs are generated throughout San Diego County.

COLLEGE OVERVIEW

CUYAMACA COLLEGE

El Cajon

Situated on 165 rolling acres in scenic Rancho San Diego, Cuyamaca College opened in 1978 and serves almost 10,000 students each semester. The school in eastern San Diego County offers 91 degree programs and 74 certificates. Cuyamaca College has renowned career education programs in automotive technology, ornamental horticulture, computer and information science, and engineering.

GROSSMONT COLLEGE

El Cajon

Grossmont College, located on a 135-acre mesa in northwest El Cajon, has been a vital part of the community since 1961. Grossmont serves almost 19,000 full- and part-time students per semester, and offers 95 degree and 73 certificate programs. Grossmont College has highly regarded career education programs in culinary arts, nursing and health, and law enforcement.

IMPERIAL VALLEY COLLEGE

Imperial

In 1962, a handful of people gathered on a 160-acre plot of land in Imperial, CA. It was the first day of classes for what would become Imperial Valley College. Today, 9,000 students learn across dozens of degree, certificate and career education programs each semester. Over the past decade, Imperial Valley College has continued major modernization programs, including construction of state-of-the-art Career Education buildings and labs, and establishment of innovative educational partnerships.

MIRACOSTA COLLEGE

Oceanside

The MiraCosta Community College District includes Oceanside, Carlsbad, La Costa, Encinitas, Olivenhain, Rancho Santa Fe, Cardiff by the Sea, Solana Beach, Del Mar, and Carmel Valley. With its coastal location, beautiful campuses, and strong academic programs, MiraCosta College attracts students from throughout San Diego County, the state, and the country as well as from abroad. Founded in 1934, today, MiraCosta is one of a handful of California community colleges that offers a bachelor's degree. Nearly 15,000 students take class each semester, including military members and veteran community.

PALOMAR COLLEGE

San Marcos

Palomar College is a public, two-year community college. Its main campus is located approximately 30 miles north of downtown San Diego, in San Marcos, California. Palomar enrolls nearly 30,000 full-time and part-time students and gives you the opportunity to choose from over 200 associate degrees, complete certificate training programs, and enjoy career education classes for lifelong learning.

SAN DIEGO CITY COLLEGE

Downtown San Diego

For more than 100 years, City College has been a public, two-year community college serving as the educational cornerstone of downtown San Diego. The college covers 60 acres, taking up 20% of downtown's footprint. By the numbers, the school offers 250 majors and certificate programs, and conducts 1,500 classes each semester for more than 17,000 students. Explore career education at City College.

SAN DIEGO CONTINUING EDUCATION

Across San Diego

Founded in 1914, SDCE is the adult education division of the San Diego Community College District. SDCE provides accessible, equitable, and innovative quality education across more than 70 programs and thousands of free classes. Programs are available at seven campuses in San Diego from the Barrio Logan community in the south, to Miramar in the north. Students also attend classes at over 200 community locations.

SAN DIEGO MESA COLLEGE

Clairemont Mesa

As one of California's largest community colleges, Mesa College ranks as San Diego's top transfer institution, with small classes, award-winning faculty, and a reputation as the leading college of equity and excellence. Conveniently located in central San Diego, Mesa offers Career Education programs in sectors such as allied health, Geographic Information Systems (GIS), business, multimedia, hospitality, culinary arts, fashion, architecture, and interior design along with a four-year baccalaureate degree in Health Information Management.

SAN DIEGO MIRAMAR COLLEGE

Mira Mesa

Founded in 1969, and located in Mira Mesa, Miramar College enrolls 15,000 students annually, in both online and on-campus classes. The school offers 117 degrees and certificates across 16 career education programs. Partnerships with local industries help prepare students for high-demand and well-paying jobs in the highly-competitive labor market, including biotechnology, paralegal, aviation, automotive, diesel and advanced transportation and energies.

SOUTHWESTERN COLLEGE

Chula Vista

Since its inception in 1961, Southwestern College has shaped the lives of hundreds of thousands of South County students through higher education. Nestled on a 156-acre campus in the heart of Chula Vista, the school provides a supportive environment, with over 320 associate degree and certificate programs available for a highly diverse traditional and non-traditional student population. Whether your goal is a certificate, degree, transferring to a four-year college, or pursuing career education, SWC offers extensive opportunities to meet educational, career and personal improvement goals with five locations throughout the South Bay.

ADDITIONAL RESOURCES

California Career Center

California Career Center is a virtual counselor for career and college exploration and planning resources to help students map their futures. The Career Center is focused on students but also contains resources for counselors, teachers, and parents/guardians.
<https://www.calcareercenter.org/>

My Stuff Resume

The My Stuff Resume enables students to create and revise resumes that can also be created and revised in their California Career Center “My Stuff” student accounts. Download from the Apple App Store or Google Play Store.

My Stuff Career Action Plan

The Career Action Plan enables students to create and revise Career Action Plans that can also be created and revised in their California Career Center “My Stuff” accounts. Look for “Career Action” in the Apple App Store or Google Play Store.

California Career Zone

Career exploration and planning system designed especially for students. Jobseekers, educators, and counselors will benefit from the wealth of information on 900 occupations from the Occupational Information Network (O*Net) database
www.cacareerzone.org

California Community Colleges Career Coach

Discover majors and in-demand careers and education based on your interests. Take a career assessment, browse careers, or browse programs. Offers Military Search. Powered by EMSI.
