Career Education New Teacher Course

The CE Teach Course is a self-paced, asynchronous training program for new CE college faculty, available on Canvas. The curriculum is designed to help new faculty apply their industry knowledge and expertise to the classroom in an impactful way. This course should be completed in connection with the resources provided by your college.

COURSE MODULES:

1. Context for Teaching in the Community Colleges
2. Organizing Your Course
3. Foundational Teaching Concepts
4. Putting Teaching Concepts into Practice
5. Assessing Learning and Lesson Planning
6. Campus Resources and Support Services
7. Course Wrap-up and Resource Library
